Appointment ops that leave no empty slots

Online requests · Caller ID · Drag-and-drop calendar · SMS/WhatsApp

A Lead funnel

WA / IG / phone / walk-in sources; statuses; convert to customers.

B Online portal

24/7 request form; clinic approval; lands on the calendar.

C Smart calendar

Day-month views; specialist/device; queue; drag-and-drop.

D Reminders

SMS & WhatsApp queue; postpone; follow-up calls.

E Session series

Same-day monthly plans; next-session WhatsApp.

F Caller ID

Pre-fill card/appointment from the caller number.

Customer card 360°

- File no. & phone deduplication
- Appointment / payment history
- Health: allergy, meds, pregnancy, privacy
- Lead & satisfaction history
- Printable patient file
- Clinic notes & photo archive

Service catalog

Categories (laser, hair, Botox, spa...), duration, price, follow-up day, default sessions. Consistent with POS & reports.

Specialist management

Profile, color, activity; service commission % and product unit commission. Performance foundation.

Device management

Laser/unit cards, link to appointments, usage logs — capacity and conflicts visible.

Branch / room / waitlist

Multi-location, room plans, waitlist and corporate/B2B accounts.

Clear cost and record for every session

Package deduction · service recipes · batch/expiry · specialty screens

Session packages

Prepaid packages: price, discount, validity. Remaining sessions on the card. Cash flow and loyalty.

Service recipes

Materials/qty/cost per service. Consumables deduct after session — real treatment cost.

Consumables & batch

Batch / expiry tracking. Transparent clinic stock.

Clinic notes & consent

Treatment notes, patient photos, consent templates. Audit trail kept.

Specialty verticals

Beauty + dental (FDI), physio, OB-GYN, dietitian — same ERP shell.

Treatment fields

Degree / shot fields; flow into staff shot-degree reports.

Appointment = checkout

Services, packages and retail in one basket. Stock control, 80mm receipt, ERP sales/AR/cash integration. No double entry.

- ✓ Cash and credit collection
- ✓ Package session deduction
- ✓ Product sales + stock
- ✓ Posts to account balance
- ✓ Cancel / return trail
- ✓ Excel appointment-sales import

Expenses: ERP expense module from the beauty shell — income and costs in one language.

Session done — measurement and management begin

NPS · commissions · revenue · cancellations · overdue calls · mobile field

Q

Satisfaction survey

TR/EN/AR/KU. Triggered after appointment. NPS, trends; fast follow-up on low scores.

R

Commission & performance

Specialist service/product commission; shot-degree reports. Fair performance management.

S

Report suite

Service revenue, cancellations, appointment product sales, overdue uncalled list, survey summaries.

T

Dashboard KPI

Daily appointments, revenue, cash; today/tomorrow/week occupancy. Pulse on one screen.

U

Mobile (Expo)

Native Android/iOS: appointments, services, specialists, POS, surveys — fast field view.

V

Integrations & audit

Google Calendar etc.; audit log; RBAC; Excel import.

What you gain

Business value of the beauty process catalog

Occupancy

Online requests + reminders + overdue list → fewer empty slots and no-shows.

Revenue

Appointments, packages and products in one POS; collections flow to ERP.

Loyalty

Packages + CRM 360° + NPS surveys keep customers returning.

Cost

Service recipes and consumables reveal true treatment cost.

Speed

Caller ID, drag-and-drop calendar, mobile POS — front desk and field accelerate.

Scale

Multi-branch, multi-language, dental-physio-OB-diet verticals — one ERP.
